INNOVATIVE SCHOOL

19th June, 2026

“National Reading Day: “A Day with Books and Beyond”

Our school celebrated National Reading Day with great enthusiasm. Grade-wise activities such as debate competitions, elocution contests, and library reading sessions were conducted. Students actively participated and gained a deeper understanding of the importance of reading. The celebration encouraged them to develop regular reading habits and explore books in an engaging and meaningful way. Books open the door to new worlds and endless possibilities. Every page we read fills our minds with knowledge, imagination, and inspiration.

**"Turn Pages,
Discover Worlds"**

"Debate is the bridge
between opinion and
understanding."

**Read a book,
take a flight,
let your dreams grow wide,
In the world of words and stories,
let your imagination ride.**
