

VIHAA
INNOVATIVE SCHOOL

25th August, 2026

“A story becomes memorable when we bring it to life with imagination and expression.”

Learning Comes Alive!

Our young learners stepped into different characters with confidence, creativity, and enthusiasm. The activity helped them build **communication skills**, **teamwork**, and **self-expression** while learning in a fun and engaging way.

“Learning becomes magical when we bring characters to life!”

★ **GRADE 4** ★

“
Role play
helps us
imagine more,
express better,
and learn
together.”

“When we
step into
a character,
we step into
a new world of
imagination, confidence,
and learning.”
